CALIFORNIA LEGISLATURE—2005—06 REGULAR SESSION

ASSEMBLY BILL

No. 1143

Introduced by Assembly Member Emmerson
(Coauthor: Senator Aanestad)

February 22, 2005

An act to amend Sections 1640, 1640.2, 1642, and 1724 of, to add Section 1640.3 to, and to repeal Section 1641 of, the Business and Professions Code, relating to dentistry.

LEGISLATIVE COUNSEL'S DIGEST

AB 1143, as amended, Emmerson. Dentistry.

Existing law provides for the licensing and regulation of dentists by the Dental Board of California. Existing law authorizes a person who furnishes satisfactory evidence of having a pending contract with a California dental college approved by the board as a full-time professor, an associate professor, or an assistant professor, who meets specified education and certification requirements, and who pays a fee, to apply to take an examination for a special permit to practice dentistry.

This bill would delete the requirement that an applicant apply to take the examination, and would instead authorize him or her to apply

for a special permit. The bill would authorize a special permit to be granted where the employment is full time or part time, as defined, and would limit the application fee for a special permit to \$300 and the renewal fee to \$100. The bill would exempt from the education and certification requirements a dentist whose expertise or skill is in a specialty area of dental practice approved by the American Dental Association and recognized by the board or a general dentist, if the dentist has written verification from the dean of a dental school where an employment contract as a professor is pending that the addition of the dentist to the faculty will benefit the students and the dental school program. The bill would limit the special permits issued under these exemptions to not more than 5 of each type per dental school. The bill would authorize a person who has held a special permit for the 7 preceding years to enter into a part-time contract with a California dental college approved by the board if specified conditions are met, and would prohibit the holder of a special permit from practicing more than one day a week in the school's dental practice facility. The bill would also require that an applicant for a special permit furnish satisfactory evidence of successfully completing an examination in California law and ethics developed and administered by the board.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
